CUSTOM MADE ORTHOTICS (ARCH SUPPORTS)

Prescription orthotics are a proven medical treatment for many conditions affecting the foot and leg. Orthotics are a cost-effective treatment to correct abnormal forces that cause pain and deformity. Often, the use of orthotics can eliminate the need for long-term drug therapy, physical therapy or surgical management. Thus, they are covered by many insurance plans as therapeutic and preventive medical devices.

Financial Information: Our charge for orthotic therapy is \$550.00 a pair. It is your responsibility as the patient to confirm whether or not your insurance carrier covers prescription orthotic devices, and whether they cover the full amount. If your carrier **does** cover orthotic devices, we will be glad to assist you in billing your insurance. If your insurance **does not** cover the cost, a deposit is required at the time your orthotic molds are made.

Patient name: _____

The following is what you should ask your insurance company in order to determine whether orthotics (CPT/Treatment code L3000) are covered under your policy:

- **Are custom foot orthotics covered by my insurance plan?** _____
(If yes, at what percentage, or at what specific amount?) _____
- **Is there an authorization code?** _____
- **Is pre-authorization required?** _____
(If yes, what is required to obtain pre-authorization?) _____
- **How many pairs per lifetime are covered?** _____
- **Do you have a deductible?** _____
(If yes, has it been met?) _____
(If deductible has not been met, how much is due?) _____

*Please contact us before your visit if your insurance requires **our office** to pre-authorize your orthotics. If a **letter** from **our office** is required to obtain pre-authorization, please provide mailing address or fax number where it should be sent: _____

Name of insurance company: _____ Contact person: _____
Date contacted: _____ **Phone number:** _____ **Fax number:** _____

Please contact our office, or return this form at your next appointment. We will keep it in your file in case of any problems with your insurance company following through on promised coverage and payment.

Your diagnosis code(s) are indicated on the back of this page.

Your diagnosis code(s) is/are:

Abnormal Gait 781.2
